St. John's College, Brooklyn.

LEWIS AND WILLOUGHBY AVENUES.

This Institution, conducted by the Priests of the Congregation of the Mission, is chartered under the laws of the State of New York, and invested with the powers and privileges of a University.

Its aim is to give a sound mental and moral training to its students; and accordingly, the course of studies is comprehensive and judiciously arranged.

Believing that the "cramming system" is both false in principle and very injurious to the young mind, the Faculty of the College seek rather to *direct* the pupil in his studies, *to make him think and investigate for himself*, than to burden his memory with a load of indigested matter at the expense of intellectual development. This system produces thoughtful self-relying young men—an object that in an educational institution should be sacrificed to no other.

There are two courses of studies open to students—the Collegiate and Commercial.

The Collegiate course covers those branches usually taught in Literary Colleges of the first rank ; the Commercial course is thorough and practical, particular attention being given to Arithmetic, Letter-writing, Book-keeping and Commercial Law.

Students who have completed the Collegiate course, in a manner satisfactory to the Faculty, will receive the degree of BACHELOR OF ARTS ; and two years afterwards the degree of MASTER OF ARTS will be conferred on such of their number as shall have *devoted* themselves in the meantime to literary or scientific studies.

Commercial Diplomas are awarded to students of the Commercial Department on the satisfactory completion of their course,

REGULATIONS.

The Academic Year opens at the begining of September, and closes on the 24th of June.

General examinations are held in the months of January and June.

Quarterly reports are sent to the parents or guardians.

There are no classes taught on Thursdays, or on days of religious or National observance; there is a vacation of one week at Christmas and Easter.

The classes open at 9 o'clock and close at 3.00, P. M.; at 10:30 there is a short recess, and at 12:00 M. there is a recess of twenty-five minutes.

The time spent in College being occupied principally in lectures and recitations, students are required to prepare their lessons at home.

Punctual attendence is required. In case of absence from College, or very late attendance, the parent or guardian of the student is required to state the cause of such absence or lateness by a note. A note is also required when a student desires to leave before the end of the classes; the case of sickness excepted.

Students are received at any time, and charged from date of entrance only.

No deduction is made for absence, unless caused by protracted illness.

Gentlemanly deportment is expected and required from all.

Their examination is on the following branches: Orthography, Arithmetic, English Grammar, English Composition, History of the United States and Modern Geography. The Scholarships are awarded to the two boys who make the best written examinations on these subjects, provided they reach a grade of at least 75 out of a possible 100.
